OUT OF THE ORDINARY

International Online Group Exhibition

2 – 30 October 2026

OUT OF THE ORDINARY invites us to look again at the familiar – to question what we take for granted and discover the unexpected within the everyday.

In a world filled with repetition and routine, this exhibition shifts perspective, revealing how ordinary subjects, moments, places, and ideas can become surprising, meaningful, or extraordinary when seen differently.

The selected works come from artists across the globe, each offering a distinct interpretation of the familiar and the unexpected.

Through abstraction, figuration, photography, mixed media, and conceptual approaches, the exhibition transforms everyday reality into something less predictable: playful, strange, thought-provoking, or quietly remarkable.

This show is not about escaping the ordinary – but about seeing it differently.

What happens when we look twice?

What might we discover in something we thought we already knew?

OUT OF THE ORDINARY is an invitation to pause, reconsider, and find the extraordinary where we least expect it.
